

It's All About Friendship!!

Teenage girls need support from their peers, and it is here in abundance. More than anything Job's Daughters spells Friendship.. Over its 80 plus years, most Job's Daughters have retained contact with, and in many, many cases have made life long friends with other girls in the organization.

Wow we have it all!!

- ▲ Activities

Tomorrow's Leader's are Today's Job's Daughters

Love it for Life.

Job's Daughters International

is a girls' leadership organization. The members learn important life skills through planning and participating in service and fun activities. Membership is made up of girls between the ages of 10-20. Meetings are held twice a month, with additional activities each month. No activity is mandatory. However, the more you participate the more you gain. For girls who are between the ages of 7-9 there is a pre-membership program available. Those members are called Jobie-to-Bees.

Our History

Founded in 1920, in Omaha, Nebraska, Job's Daughters now spans three continents and five countries. Brazil, Canada, Australia, the United States of America and the Philippines. All have active groups and comprise a worldwide membership of over 15,000 young women between the ages of 10 and 20.

Workshops, Seminars, Travel

Job's Daughters International offers girls the chance to make friends within their own group, and from around the world. Each summer at our international convention, girls gather from all over the Jobie world to have fun, go sightseeing, attend workshops, and compete in competitions such as music, dance, public speaking, essay, poetry and more.

"Kids Helping Kids"

We're Giving Something Back...

Our girls support HIKE the Hearing Impaired Kids Endowment Fund. Started in 1950, this charity supplies hearing aids and accessories to children whose families are in financial need. HIKE is staffed by a volunteer Board of Directors. Ninety-two percent of all money earned goes to helping kids with a mild to severe hearing loss.

This is your chance to shine!!

Being a member of Job's Daughters International will bring bright smiles and self confidence to girls as they learn to run their own organization, plan meetings, events and fund raising activities, and take part in community service. Through public speaking girls become self assured when presenting their ideas and opinions to others.

Scholarship Opportunities

Awards are available through the Grand Guardian Council of Maryland, Past Grands of Maryland and the Supreme Scholarships Committee. These are awarded annually for post secondary education at university, college or trade schools to Daughters who qualify.

It is a family thing!

Adults are always welcome to meetings and fun activities. In fact why not become one of the adult advisors. It is always rewarding to watch the girls succeed, and they are proud to have you visit on the sidelines.
